

The National Prevention and Health Promotion Strategy

Instructions for Stakeholder Discussions

Materials You Can Use:

- Power Point Presentation
- Participant Input Sheet
- Factsheet on the National Prevention and Health Promotion Strategy
- Facilitator Feedback Form

Discussion Purpose:

- To provide information on the National Prevention and Health Promotion Strategy.
- To obtain input from stakeholders on how to create a strong National Prevention and Health Promotion Strategy.

Instructions:

The National Prevention and Health Promotion Strategy will be most successful with input from a wide range of stakeholders. Please feel free to modify the discussion materials for your audience. The materials are designed to support a discussion session that could be as brief as 30 minutes. To help with background information, the PowerPoint presentation includes notes for each slide that you can use as you wish. At the end of the discussion, Facilitators should complete the Facilitator Feedback Form and send with all the Participant Input Sheets to:

National Prevention Strategy
Attn: Haddi Cham
4350 East-West Highway, Suite 800
Bethesda, MD 20814-4499

Sample Discussion Agenda:

- 1. Welcome/Purpose of the Discussion Session**
- 2. Presentation (Power Point Slides)**
 - Overview of the National Prevention, Health Promotion and Public Health Council
 - Overview of the National Prevention and Health Promotion Strategy
- 3. Discussion Session:**
 - What should be the Council's and the National Prevention Strategy's priorities?
 - How can the Council partner with local stakeholders to support and help focus prevention efforts?
 - What experiences have you had with federal prevention and health programs or policies that could serve as a model for our work moving forward?
